

INVITATION

DANUBE DANCE ALLIANCE: BETWEEN MOVEMENT, SPACE AND THE DIGITAL WORLD

We invite you to an extraordinary artistic dance experience where international cooperation, creative exchange and new artistic practices come together.

Experience an immersive VR dance experience accompanied by live performances, created as part of the international production Danube Dance Alliance. The VR dance film Dancescapes 360 (Dance Landscapes) takes us to unique locations, while the dance miniatures explore themes of forgotten stories, communities, time, and the revival of the body. Don't miss it!

 **WEDNESDAY, 23 SEPTEMBER 2026**

 **Celjski dom, Celje, Slovenia**

Dance Alliance brings together dance, architecture, art, cultural tourism and contemporary technologies. Creators and partners from eight countries are part of this shared story, exploring new ways of experiencing space, movement and art through different perspectives.

REGISTRATION

Participation in the event is free of charge. Registration is required and is open until 16 September 2026.

Development Conference: Regions 2030+: How to Build Resilient, Competitive and Investment-Attractive Communities?

The event marks the opening of the conference "Regions 2030+: How to Build Resilient, Competitive and Investment-Attractive Communities?" and, at the same time, represents the culmination of a joint exploration of new forms of performing arts.

More information about the conference is available **[HERE](#)**.
